## 12. Legal Status

The product complies with the **German and European food regulations** by the respective currently applicable version.

The product is not derived from genetically modified organisms, nor does it contain such or is prepared from these. Thus, there is no labeling requirement. Product and packaging do not contain intentionally engineered nanomaterial, so that they are not classified. The goods were not subjected to artificial ionizing radiation.

This specification contains guidelines. Fluctuations in appearance, composition, smell and taste is due to the natural origin of the ingredients. The above specification is based on Information from our suppliers. We recommend testing the suitability of our products through own tests.
